NEWS FROM KRES at NEW LONDON

KRES at NEW LONDON CELEBRATES THE SEASON OF GIVING WITH A FOOD DRIVE Our 5th grade Student Council has been working diligently to make a difference in the community as the holiday season approaches. They would like to help community members in need by organizing a food drive. Items collected will be brought to the Kearsarge-Lake Sunapee Community Food Pantry, the Wilmot Food Pantry, and the Cougar Cubby (our new food pantry located in the school nurse's office). The Student Council members hope to collect 850 donated items by December 15th. To reach their goal they will go classroom to classroom to speak to the students K-5 about the importance of helping our community. The photo shows three Student Council members speaking to students in Mrs. Kane's kindergarten classroom. Items will be collected outside the main office. The non-perishables in need are canned vegetables and fruit, pasta, pasta sauce, fruit juice, soups, canned meats, peanut butter and jelly, cereal, macaroni and cheese, boxed meals, rice, snacks and paper products. Thank you Student Council members for your hard work!

KRES at NEW LONDON CELEBRATES VETERAN'S DAY - We are grateful. On Thursday, November 10th, the entire school gathered to honor our area's veterans in a moving ceremony full of song and reverence. A table of photos was set up displaying some of our active duty military and was centered between the fifth grade chorus and 22 veterans ranging from currently serving to WWII veterans. The audience joined the children in

a sing-along of some of America's most beloved patriotic songs including "A Grateful Nation", which ended with a salute and then the Kindergartners giving each veteran in attendance a thank you card.

50 YEARS of QUALITY EDUCATION at KRES at NEW LONDON

KRES at New London is an elementary school filled with smart, creative, and caring individuals. We value the innovative ways we apply best practice and our extraordinary commitment to each stu-

dent. Here, the staff continuously creates safe and rich learning opportunities to express students' unique talents, while challenging them to reach levels of success they never thought to be possible. Teachers are respected and empowered to provide students with quality education. Students are provided with opportunities to learn, communicate positively, solve problems effectively, think critically and creatively, and to act responsibly. At Kearsarge Regional Elementary School at New London, there is a passion for teaching and a tremendous love for learning.
